

**Successful staging of metal trade fair quartet in India:
wire India, Tube India, METEC India and India Essen
Welding & Cutting again prove innovation drivers for
their industries in Mumbai**

From 23 to 25 November 2022 the Bombay Convention & Exhibition Center in Mumbai again served as the meeting point for the leading regional trade fairs of the wire, cable and pipe & tube industries as well as the metallurgical, welding and cutting sectors.

Four trade fairs with a total of 400 exhibitors from 21 countries presented current technologies, machinery, finished products, and solutions for their respective industry sectors over three trade fair days.

In addition to Indian companies, most European exhibitors came from the Benelux countries, Austria, Switzerland, Germany, Italy, the United Kingdom, Scandinavia, Turkey, France and Spain.

Overseas companies travelled from the USA, Canada, Thailand, Vietnam, Taiwan, South Korea, Singapore, South Africa and China to India. In addition, the trade fairs featured national joint participations from Switzerland, Italy and Germany. The exhibits were complemented by a comprehensive conference programme.

The metal trade fair summit was again organised by Messe Düsseldorf India in cooperation with its international partner associations IWCEA (International Wire and Cable Exhibitors Association), IWMA (International Wire & Machinery Association), ACIMAF (Italian Wire Machinery Manufacturers Association), WCISA (Wire and Cable Industry Suppliers Association) and ITA (International Tube Association).

The Indian industry associations SWMAI (Steel Wire Manufacturers Association of India), AIWMA (All India Weldmesh Manufacturer`s

Association), INSDAG (Institute for Steel Development & Growth) and SSPC India (The Society for Surface Protective Coatings - India) supported their trade fairs again.

In 2024, the trade fair quartet will again be held at the Bombay Convention & Exhibition Center, this time from 27 to 29 November.
